What happens like Fe – Averroes

By Shomit Sirohi

Introduction

When I am not doing well, I like people’s company.

“In a room, rocking my chair, and writing and also crazy a bit, and then again, I feel like crying, and I am faithful.”

Get my point – go out have fun.

Make it a moment.

I am writing, I am philosophizing. I am also sure, we are together.

I am just dancing a lot more.

I. Keep talking

I keep talking.

II. A Crisis

I am in crisis.

III. How to Know a Reduction

I am in a voice, running low, bodies moving, music playing.

IV. Grundrisse

A periodic crisis, for three days, or maybe even a week, actually not at all.

You get it, be really in that sense of philosophy. Being, Essence and Concept.
